

## Senate Bill No. 525

### CHAPTER 1012

An act to amend Section 11166.9 of the Penal Code, relating to child abuse.

[Approved by Governor October 10, 1999. Filed  
with Secretary of State October 10, 1999.]

#### LEGISLATIVE COUNSEL'S DIGEST

SB 525, Polanco. Child abuse: state and local coordination.

Existing law provides for coordination between specified state and local entities to address fatal child abuse and neglect, and to provide a body of information to prevent child deaths.

This bill would recast those provisions. The bill would add more state and private entities to the members of the California State Child Death Review Council, specify additional duties for the council and the Department of Justice in connection with gathering and tracking information regarding child deaths from abuse or neglect, and specify additional duties for the State Department of Health Services in connection with tracking child abuse information in specified state data systems. The bill would provide that the provisions requiring the development of the tracking system would be operative July 1, 2000, and that implementation of the tracking system by the State Department of Health Services, and implementation of training and other duties by the Office of Criminal Justice Planning would be done only to the extent that funds are appropriated for that purpose in the Budget Act. The bill would also require law enforcement and child welfare agencies to cross-report, and county child welfare agencies to create a record in the Child Welfare Services/Case Management System of, all cases of child death suspected to be child abuse or neglect related. By imposing additional duties on local governments, this bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

*The people of the State of California do enact as follows:*
